

*Maine Osteopathic Association Dental Insurance  
Open Enrollment Notification!*

June 2023

Dear MOA Member,

Great oral health is an essential part of a healthy lifestyle.

The MOA has a group dental plan through Northeast Delta Insurance for MOA members-only. The plan is designed for physicians, their employees and families.

**It is annual open enrollment time! Please consider our group dental plan.**

Northeast Delta insurance plans can help you and your employees maximize oral health. In fact, people with dental insurance are more than twice as likely to visit their dentist regularly.

Choosing a dental insurance plan can be overwhelming—monthly premiums, annual maximums, deductibles and more leave you with a lot to consider. Delta Dental wants to make your decision easier by demystifying the process of selecting a dental insurance plan. (See the enclosed information).

Delta Dental is the largest dental plan system in the United States. The Delta Dental Plans Association is composed of 39 independent Delta Dental member companies operating in all 50 states, the District of Columbia and Puerto Rico.

Please compare the new plan design with your current dental benefit, and contact our dental insurance agent, Lynn Quirion of Macomber Farr & Whitten, for rates and enrollment. She can be reached at 1-800-989-9049 or [lquirion@mfwinsurance.com](mailto:lquirion@mfwinsurance.com).

Sincerely,

A handwritten signature in black ink that reads "Amanda Richards".
